EXPLANATION OF LISTING

This record of the publications of the University staff for the calendar year 1954 was compiled from reports submitted by staff members to their departments. It includes only publications which are available generally. It does not include classroom materials, committee reports, or material whose distribution is restricted or limited.

The listing is alphabetical by departments for each of the three campuses of the University: Departments at Urbana, (pages 3-58); Chicago Professional Colleges (pages 59-77); Chicago Undergraduate Division (pages 78-79). Within each department the listing is alphabetical by authors.

For publications written by two or more persons, the co-authors' names are shown in italics. With very few exceptions (when names are immediately adjacent in the listing), the full bibliographic entry is repeated under the name of each contributing author of professorial rank.

All authors and co-authors are listed in the Index on page 81.

EXPLANATION OF LISTING

This record of the publications of the University staff for the calendar year 1955 was compiled from reports submitted by staff members to their departments. It includes only publications which are available generally. It does not include classroom materials, committee reports, or material whose distribution is restricted or limited.

The listing is alphabetical by departments for each of the three campuses of the University: Departments at Urbana (pages 3-64); Chicago Professional Colleges (pages 65-85); Chicago Undergraduate Division (pages 86-88). Within each department the listing is alphabetical by authors.

For publications written by two or more persons, the co-authors' names are shown in italics. All authors and co-authors are listed in the Index on page 89.

EXPLANATION OF LISTING

This record of the publications of the University staff for the calendar year 1956 was compiled from reports submitted by staff members to their departments. It includes only publications which are available generally. It does not include classroom materials, committee reports, or material whose distribution is restricted or limited.

The listing is alphabetical by departments for each of the three campuses of the University: Departments at Urbana (pages 3-61); Chicago Professional Colleges (pages 62-84); Chicago Undergraduate Division (pages 85-88). Within each department the listing is alphabetical by authors.

For publications written by two or more persons, the co-authors' names are shown in italics. All authors and co-authors are listed in the Index on page 89.
